Ordering and specification of electro zinc plating is carried out according to the standards DS/EN ISO 2081 or DIN 50961 which consist of four types of zinc coating thickness on 5, 8, 12 and 25 µm respectively. DS/EN ISO 2081 states as a requirement that the above mentioned coating thickness must be adhered to.

Das Buch führt umfassend in die DIN-Normen und deren Anwendung ein. Es gliedert sich nach fertigungstechnischen und funktionalen Gesichtspunkten der Normen, bietet detaillierte Informationen und dient als Nachschlagewerk für Studium und Praxis. Damit stellt es für die Schwerpunkte Maschinenbau und Elektrotechnik Informationen aus erster Hand bereit, ohne die in Konstruktion und Fertigung nicht auszukommen ist. Zu zahlreichen Normen werden thematisch zugeordnete Informationen und Hinweisen auf weitere, den Stoff vertiefende Normen und Normungsliteratur gegeben und der Kontext zum europäischen und internationalen Normenwerk dargestellt.

Ob Novellierung der Trinkwasserverordnung oder Darstellung des Membranverfahrens - dem derzeit aktuellsten Verfahren in der Wasseraufbereitung: Auch die 13. Auflage wird dem gerecht, was die Fachzeitschrift bbr Wasser und Rohrbau über die 12. Auflage geschrieben hat: "Verlag und Autoren legen ... wiederum ein umfassendes und übersichtliches Standardwerk vor, von hohem Nutzwert für alle diejenigen, die sich im Studium oder im Beruf mit Planung, Bau, Betrieb, Organisation und Verwaltung von Wasserversorgungsanlagen befassen". Die Themen werden in gewohnter Weise übersichtlich dargestellt. Die Kapitel sind aktualisiert, die nationale und internationale Normung sowie Gesetzgebung wurde berücksichtigt. Der "Mutschmann/Stimmelmayer" ist seit über 40 Jahren ein MUSS als Nachschlagewerk für den Praktiker und als Lehrbuch für das (Selbst-)Studium.

Hot-dip galvanization is a method for coating steel workpieces with a protective zinc film to enhance the corrosion resistance and to improve the mechanical material properties. Hot-dip galvanized steel is the material of choice underlying many modern buildings and constructions, such as train stations, bridges and metal domes. Based on the successful German version, this edition has been adapted to include international standards, regulations and best practices. The book systematically covers all steps in hot-dip galvanization: surface pre-treatment, process and systems technology, environmental issues, and quality management. As a result, the reader finds the fundamentals as well as the most important aspects of process technology and technical equipment, alongside contributions on workpiece requirements for optimal galvanization results and methods for applying additional protective coatings to the galvanized pieces. With over 200 illustrated examples, step-by-step instructions, presentations and reference tables, this is essential reading for apprentices and professionals alike.

Following the end of the Korean War, the prevailing myth in the West was that of the absolute supremacy of US Air Force pilots and aircraft over their Soviet-supplied opponents. The claims of the 10:1 victory-loss ratio achieved by the US Air Force fighter pilots flying the North American F-86 Sabre against their communist adversaries, among other such fabrications, went unchallenged until the end of the Cold War, when Soviet records of the conflict were finally opened. Packed with first-hand accounts and covering the full range of US Air Force activities over Korea, MiG Alley brings the war vividly to life and the record is finally set straight on a number of popular fabrications. Thomas McKelvey Cleaver expertly threads together US and Russian sources to reveal the complete story of this bitter struggle in the Eastern skies.

"Meet Siddhartha, a good lawyer but a bad human. Meet Rahul, a good human but a bad doctor. And meet Shuchi, a good human and an exceptionally well doctor. Shuchi tries to make a good human out of Siddhartha and a good doctor out of Rahul, but a bomb blast transforms their lives. Read this revolutionary tale to know how Siddhartha will get a unique PIL passed in the courtroom and Rahul will perform a life changing surgery, to save the girl they love. Please write a review of this book and share the link of this book with your friends so that more readers can enjoy reading this book and help me in spreading the idea of organ donation. My third book which is based on Nirbhaya's Rape case will be releasing soon, stay connected to me for further updates.
