A comprehensive look behind the rise of a new generation of superstar Yankees—now

Read Book The Baby Bombers The Inside Story Of The Next Yankees Dynasty

updated with the Yankees ' 100-win 2018 season! Derek Jeter and the “ Core Four ” have passed the torch to a new generation of Yankees superstars—including Aaron Judge, Gary Sanchez, Luis Severino, and Gleyber Torres—who have powered through the minors to become stars on baseball ' s biggest stage. Joined by reigning National League MVP Giancarlo Stanton, this thrilling group is poised to chase championship titles for years to come. The Baby Bombers details the inside-baseball strategy of the Yankees ' pivot to a younger, more exciting roster, the players ' fascinating paths to Yankee Stadium, their memorable 2017 and 2018 playoff runs, their amazing assaults on the record books, and a unified mission to hoist the franchise ' s twenty-eighth World Series trophy. Through new, in-depth interviews, veteran reporter Bryan Hoch fleshes out the transition from Jeter to Judge, scoring behind-the-scenes insights from general manager Brian Cashman, former manager Joe Girardi, executives and scouts, members of the current roster, opponents, and Yankees legends of the past. Winning baseball in the Bronx has resumed with postseason hero Aaron Boone in the manager ' s chair, aiming to steer the franchise to its forty-first World Series appearance. Featuring nearly fifty photographs, The Baby Bombers tracks the rise of today ' s Yankees from fresh-faced rookies into a group that is destined for pinstriped greatness. “ A must-read for anyone who wants to understand who these new Yankees are, and where they are going. ” Ken Rosenthal, baseball writer and columnist for The Athletic, and Emmy Award-winning field reporter for MLB Network and FOX Sports

The definitive chronicle of a chaotic and unforgettable season, featuring a heartfelt foreword from Opening Day starter and lifelong Yankee fan Gerrit Cole The New York Yankees are

Read Book The Baby Bombers The Inside Story Of The Next Yankees Dynasty

unprecedented. With more than twice as many World Series titles as their closest competitor, the most MVPs and the most Hall of Fame inductees, there's never been anything quite like the franchise's storied history. Then the 2020 season took place, and the greatest team in American sports found out what "unprecedented" really means. The Bronx Zoom provides an intimate and engaging look behind the scenes of a year unlike any other. Veteran reporter Bryan Hoch guides readers through dizzying twists and turns as the Yankees navigate a season amidst the COVID-19 pandemic, historic movements for equality and social justice, and a bitterly contested presidential election. From a spring training cut short to the postseason's final out, new insights and anecdotes emerge from countless interviews with players, executives and Yankees personalities, providing personal perspectives on the challenges and joys of the 2020 season. Go behind the scenes with the talented roster, as manager Aaron Boone pairs his new big-ticket ace with a powerhouse offense alternating between torrid stretches and lengthy slumps. Relive the bizarre final showdown against the upstart Tampa Bay Rays, where the American League East rivals found themselves occupying the same Southern California hotel while putting championship aspirations on the line in an empty ballpark. The Bronx Zoom is a thoroughly reported narrative of a monumental and defining era of our lives, told with humor and pathos through the familiar lens of Yankees baseball. No baseball lover or Yankee fan's library is complete without it.

In his "remarkable" (Men's Journal) and "controversial" (Fortune) book -- written in a "wry, amusing style" (The Guardian) -- Bruce Cannon Gibney shows how America was hijacked by the Boomers, a generation whose reckless self-indulgence degraded the foundations of

Read Book *The Baby Bombers* The Inside Story Of The Next Yankees Dynasty

American prosperity. In *A Generation of Sociopaths*, Gibney examines the disastrous policies of the most powerful generation in modern history, showing how the Boomers ruthlessly enriched themselves at the expense of future generations. Acting without empathy, prudence, or respect for facts--acting, in other words, as sociopaths--the Boomers turned American dynamism into stagnation, inequality, and bipartisan fiasco. The Boomers have set a time bomb for the 2030s, when damage to Social Security, public finances, and the environment will become catastrophic and possibly irreversible--and when, not coincidentally, Boomers will be dying off. Gibney argues that younger generations have a fleeting window to hold the Boomers accountable and begin restoring America.

Forthcoming from Houghton Mifflin Harcourt

Boasting a mix of homegrown talent and All-Star signings, the 2009 Yankees were composed of the very best. With the previous season's failed playoff bid still as fresh as the paint job on the new Yankee Stadium, a 27th championship flag represented the singular objective of a squad that ultimately carved out a unique spot among the Yankees' pantheon of World Series teams. It was the last title for the "Core Four"—Derek Jeter, Mariano Rivera, Jorge Posada, and Andy Pettitte—who would each retire over the course of the next five years. It was the lone title for Alex Rodriguez, Mark Teixeira, A.J. Burnett, and Nick Swisher, each of whom saw memorable peaks and valleys during their time in the Bronx. For CC Sabathia and Brett Gardner, it was their first championship, though the veterans were still in pinstripes as the latest generation of Yankees arrived for what they hope will be the next dynasty. Mission 27

Read Book The Baby Bombers The Inside Story Of The Next Yankees Dynasty

is a thoroughly reported chronicle of an unforgettable season, packed with interviews with the full cast of key players, team executives, broadcasters, and more.

An insurgency in Nigeria by the Islamist extremist group Boko Haram has left thousands dead, shaken Africa's biggest country and worried the world. Yet it remains a mysterious - almost unknowable - organisation. rough exhaustive on-the-ground reporting, Mike Smith takes readers inside the conflict and provides the first in-depth account of the violence and unrest. He traces Boko Haram from its beginnings as a small Islamist sect in Nigeria's remote north-east, led by a baby-faced but charismatic preacher, to its transformation into a hydra-headed entity, deploying suicide bombers and abducting schoolgirls. Much of the book is told through the eyes of Nigerians who have found themselves caught between frightening insurgents and security forces accused of horrifying brutality. It includes the voices of a forgotten police officer left paralysed by an attack, women whose husbands have been murdered and a sword-wielding vigilante using charms to fend off insurgent bullets. It journeys through the sleaze and corruption that has robbed Africa's biggest oil producer of its potential, making it such fertile ground for extremism. Along the way it questions whether there can be any end to the violence and the ways in which this might be achieved. Interspersed with history, this book delves into the roots of this unholy war being waged by a virtually unknown organisation, which is set to shape the destiny of Africa's biggest economy and most populous state - and perhaps affect the future of Africa.

115 years, the Boston Red Sox and New York Yankees have been battling it out on the diamond, playing each other over 2,000 times. This heated rivalry has stood the test of time, as one team ' s triumph usually means the other ' s dismay. While the teams battle on the field, the fans and cities take the rivalry just as seriously. But who ' s the best? Which team ' s players have the edge? Which team ' s squad would reign supreme? If you ask a New Yorker, you ' ll get an obvious answer; same with a Bostonian. But what happens when two men from opposite sides of the track sit down to discuss who is the best? Red Sox vs. Yankees pairs baseball historians Bill Nowlin (Red Sox) and David Fischer (Yankees) to discuss who each team ' s best position player was and which super team would win in a head-to-head series. Obviously, they won ' t easily agree. Obviously, there will be cheap shots and venom spewed back and forth. But in the end, we will have two teams: one of the greatest players and one of each squad ' s best year. You can guess that Nowlin will say that the Sox will win, while Fischer is confident that the Yanks will be victorious. But it ' s not that easy. Thanks to the help of Action! PC Baseball, we will have a simulation to find out which team would win in a head-to-head battle. Will the All-Star Yankees take the series? Will the Red Sox pummel the best the Bronx has to offer? There ' s only one way to find out.

Last Ride of the Iron Horse tells the tale of Lou Gehrig's final year in the Yankee lineup, as he dealt with early effects of the paralytic disease ALS. For much of the 1938 season, the legendary Gehrig -- dubbed the Iron Horse for his strength and reliability -- struggled with slumps and a mystifying loss of power that shook his confidence. Fans booed and sportswriters called for him to be benched. Then, as the Yankees battled for the pennant in

Read Book The Baby Bombers The Inside Story Of The Next Yankees Dynasty

August, Lou began pounding home runs like his old self -- a turnaround that in retrospect looks truly miraculous. It may have been a rare case of temporary ALS reversal. Using hard-to-find film footage, radio broadcasts, newspapers and interviews, author Dan Joseph chronicles Gehrig's roller coaster of a year. It began in Hollywood, where the handsome "Larrupin' Lou" filmed a Western that turned out to be his only movie. In subsequent months, he signed for baseball's highest salary, battled injuries that would have sidelined a lesser man, won his sixth World Series ring, and entered the political arena for the first time, denouncing the rising threat of Nazism. Joseph also seeks to answer questions that have long intrigued Gehrig's admirers: when did he sense something was wrong with his body? What were the first signs? How did he adjust? And did he still help the Yankees win the championship, even as his skills declined? 1938 turned out to be Gehrig's final hurrah. With his strength and reflexes fading, he ended his renowned consecutive games streak at 2,130 the following May. A few weeks later, doctors at the Mayo Clinic diagnosed him with ALS. On July 4th, the Yankees retired his number in a ceremony at Yankee Stadium. All along, Gehrig showed remarkable courage and grace, never more so than when he told the stadium crowd, "I might have been given a bad break, but I've got an awful lot to live for."

From one of the most beloved and bestselling authors in the English language, a vivid, nostalgic and utterly hilarious memoir of growing up in the middle of the United States in the middle of the last century. A book that delivers on the promise that it is " laugh-out-loud funny. " Some say that the first hints that Bill Bryson was not of Planet Earth came from his discovery, at the age of six, of a woollen jersey of rare fineness. Across the moth-holed chest

Read Book The Baby Bombers The Inside Story Of The Next Yankees Dynasty

was a golden thunderbolt. It may have looked like an old college football sweater, but young Bryson knew better. It was obviously the Sacred Jersey of Zap, and proved that he had been placed with this innocuous family in the middle of America to fly, become invisible, shoot guns out of people ' s hands from a distance, and wear his underpants over his jeans in the manner of Superman. Bill Bryson ' s first travel book opened with the immortal line, " I come from Des Moines. Somebody had to. " In this hilarious new memoir, he travels back to explore the kid he once was and the weird and wonderful world of 1950s America. He modestly claims that this is a book about not very much: about being small and getting much larger slowly. But for the rest of us, it is a laugh-out-loud book that will speak volumes – especially to anyone who has ever been young.

"This book is about the Yankees' 2009 World Series championship campaign"--
