You know what happens when bad boys get what they wish for? Everything. . . New York Times Bestselling Author Lori Foster Playing Doctor Attitude makes a huge difference in bed. It could be Axel Dean's motto. The sexy physician likes his women with sensual moxie, and Libby Preston definitely seems to fit that bill. There's that naughty grin. That hot bod. Her eager kisses and cheeky insults. Her. . .admitted virginity. Whoa. Okay, cue cold shower. Axel may not be an honorable man, but he has his limits. Except Libby won't take no for an answer. She's determined to have someone show her what she's been missing, and suddenly, Axel can't bear to think of Libby playing doctor with anyone else. . . USA Today Bestselling Author Erin McCarthy The Lady of the Lake Pro baseball player Dylan Diaz is pretty sure he's going to hell. When you rescue a drowning woman from a lake

your first thought should be, "Are you okay?" not, "Can I make mad, passionate love to you?" But the minute sputtering kindergarten teacher Violet Caruthers is on Dylan's boat, that's all he can think about. Maybe it's the potent combo of a nun's personality inside a stripper's body. Maybe it's the way she drives him crazy with desire and laughter. Or maybe, Dylan's finally found what's been missing in his life, and he's not about to let go. . .

This ambitious and revelatory collection turns the traditional chronology of anthologies on its head, listing poems according to their first individual appearance in the language rather than by poet.

Based on the successful Baby Owner's Manual, The Baby Owner's Maintenance Log presents a refreshing alternative to traditional sugar-sweet baby journals. Hip parents can record all major milestones and measurements in these pages, including the arrival of the unit, fuel preferences and speech activation. Spiral binding, hilarious illustrations and a bound-in envelope for keepsakes make this guided journal a great shower gift.

Twenty-one year-old Jillian Nichols only has one rule when it comes to boys: catch and release. Boy-catching isn't just a game for Jillian and her friends, it's a lifestyle. After all, boys might be good for a dance or a drink and certainly a little under-cover action of the scandalous variety, but expect much else and you're bound for heart ache. So when her best friends and fellow boy catchers start dropping like flies junior year, Jillian is determined to keep boys in her bedroom and out of her heart. Until she meets Liam McAvoy, the kind of guy that sticks around to make waffles and who can't-or perhaps won't-take a hint. Study abroad student Liam doesn't want to be another notch on Jillian's bedpost. Actually he has much more interesting ideas for Jillian and her bedposts, but his student visa's set expiration date means he can't promise her forever. That doesn't mean he's going to walk away from the challenge of discovering why Jillian is hell-bent at keeping people at a distance. Before long, neither is sure who is catching who-or if they're playing for keeps. Jillian knows one thing though: falling in love will not only break the only

The new grand theory of leadership by Ram Charan . . . The breakthrough book that links know-how—the skills of people who know what they are doing—with the personal and psychological traits of the successful leader. How often have you heard someone with a commanding presence deliver a bold vision that turned out to be nothing more than rhetoric and hot air? All too often we mistake the appearance of leadership for the real deal. Without a doubt, intelligence, vision, and the ability to communicate are important. But something big is missing: the know-how of running a business—the capacity to take it in the right direction, do the right things, make the right decisions,

deliver results, and leave the people and the business better off than they were before. For well over four decades, Ram Charan has been learning in the most visceral way the underlying reasons why leaders succeed and fail. As one of the most influential advisers to top management teams of leading companies around the world, he has had a front-row seat to observe the cause and effect of leadership practices and behaviors. Ram Charan's insight into the real content of leadership provides you with the eight fundamental skills needed for success in the twenty-first century:

- Positioning (and, when necessary, repositioning) your business by zeroing in on the central idea that meets customer needs and makes money.
- Connecting the dots by pinpointing patterns of external change ahead of others.
- Shaping the way people work together by leading the social system of your business.
- Judging people by getting to the truth of a person.
- Molding high-energy, high-powered, high-ego people into a working team of leaders in which they equal more than the sum of their parts.
- Knowing the destination where you want to take your business by developing goals that balance what the business can become with what it can realistically achieve.
- Setting laser-sharp priorities that become the road map for meeting your goals.
- Dealing creatively and positively with societal pressures that go beyond the economic value creation activities of your business.

Know-How is the missing link of leadership.

By showing how the eight know-hows link to, interact with, and reinforce personal and psychological traits, Ram Charan provides a holistic and innovative portrait of successful leaders of the twenty-first century.
